

Mock Performance Task #1

Team Form & Research Question Proposal

Your team must consist of three to five students who will collaborate as a team to identify a problem or issue which is related to the themes of technology or social media; from there, you will develop a team research question.

Team Members

Each team member must write his/her own name (print on left, sign on right).

Research Question Proposal

On the right side of this document, work as a team and record an agreed-upon research question which meets all of the following criteria:

- ✓ is simple,
- ✓ requires judgment,
- ✓ leads to debate,
- ✓ has multiple perspectives/lenses,
- ✓ has a manageable scope (not too broad),
- ✓ uses clear vocabulary,
- ✓ is researchable,
- ✓ allows for middle ground (not a yes/no issue), and
- ✓ falls under the general topics of either technology and/or social media.
