

PREP #12

- *250 words each*
- *include word count*
- *don't include question/prompt*

- 12a.** Choose three academic, scholarly, peer-reviewed journal articles from your annotated bibliography. List each of their titles and explain what each title conveys about the purpose of the research within. What is the title of your project? Why did you choose it? How have you refined it as your research has changed?
- 12b.** Explain different means you have used to determine whether an idea or approach will be useful to your project. Include specific examples.
