

## ***Hedda Gabler* Comp Book Task**

Update the first page of your composition book, its Table of Contents, with the first two Comp Book Tasks. Use the first free page after your previous entry to respond to the direction below. Please write in pen and limit your work to its own single page, without writing on the backside of any page.

**PROMPT:** How does Hedda Tesman change from the beginning of the play to the end? In your response, be sure to provide evidence from the play (in the form of smoothly woven, parenthetically cited quotations) that shows how Hedda changes throughout the play. How does this change affect the plot? How does this change in Hedda help develop a specific theme?

**HIGHLIGHTING:** Use three highlighters of different colors to mark each:

- a specific way that Hedda has changed throughout the play
- woven, cited quotations
- your theme claim

**PRODUCT:** As a written product, in your composition book, record your response on a single page. Be sure to carefully proofread your paper using the Proofreading Expectations handout.
