

## PREP #4 *personal timeline*

Review the “General Timeline” on page six of the [course syllabus](#), paying special attention to the bolded due dates and other notable deadlines.

Create a personal timeline, running from September through May, that includes all of the bolded due dates you see on the general timeline as well as any known events (extracurriculars, family, trips, SATs, birthday, breaks, etc.) that you see coming up during your senior year.

Don't worry that it must be exhaustively complete at this point. You'll be able to update this in the future.
