

PM1 Testing / Monday, September 14th / ELA Reading

- Student must be connected to the wi-fi network "PCSB – APPLE"
- No other apps should be open. If there are any dots underneath an icon in the dock, you must quit out of each app completely.

Here's how to quit out of an app:

- While the app is active (open), press **Command-Q**
- Or go to the top **menu bar** → App Name → **Quit App** (e.g., Safari → Quit Safari).
- Closing a window with the red x button does not quit the app; a dot under the Dock icon means it's still open.

OPENING THE TESTING BROWSER

1. Click Apps at the bottom of your desktop:

2. Search for "FL" which will bring up **FLSecureBrowser** icon:

- ★ If your Mac does not find FLSecureBrowser, restart the laptop and try again – it likely needs an update.

Here's how to restart an Apple Neo:

- Click the **Apple logo** in the top-left corner of the screen.
- Select **Restart** from the menu.

All 9th- and 10th-grade students will take PM1.

Report to your assigned testing room at **8:37 a.m., the start of 2nd period.**

Bring your **district-issued laptop**. Before Monday, make sure you can log in and open **FLSecureBrowser**. Tell your teacher if you need help.

Do your best. This is the first of three progress-monitoring assessments this year.

Take your time. You have until the end of the school day to finish.

Read every passage and question carefully, including titles, labels, images, and graphs.

Use scratch paper and check your work before submitting each answer.

Answer questions in order. Do not skip questions or flag them to answer later.

Avoid random guessing. Use the passage and eliminate incorrect choices.
